

POSTMASTER SLAIN WHILE AT HIS WORK

COLD BLOODED MURDER AT DUNFEE, IND.

A Large Posse are Now in Pursuit of the Men Who Killed C. M. Singer and Mutilated His Body—Minnie Dean Who Killed Many Children Hanged at Vancouver.

Dunfree, Ind., Sept. 17.—C. M. Singer, the postmaster at this place, was found dead on the floor of the office this morning. It is thought thieves killed him as the body was badly mutilated. A large posse is in pursuit of the supposed murderers.

Vancouver, B. C., Sept. 17.—Minnie Dean, who was condemned to death for the murder of infants entrusted to her care, has been executed in Auckland, New Zealand. She protested her innocence up to the last.

Clemency was asked on account of the murderess being a woman, but the proof against her was so overwhelming that no mercy was shown. On the scaffold she was hysterical and had to be almost carried to the drop. Just before the black cap shut out the world from view she became more resigned, but piteously exclaimed: "Oh, God let me not suffer!" The drop fell and death was instantaneous. The woman prayed incessantly toward the last, but stoutly maintained that she had no murder on her soul and had no doubt that she would go to heaven.

Minnie Dean's crimes were the sensation of last year in New Zealand. In her prosperity she was patronized by well-to-do scoundrels, who paid her handsomely to become responsible for their children. A mother's love, however, induced an erling woman to seek her child, who had been delivered to the woman's care.

Minnie Dean had reported it dead from natural causes, but the mother's suspicions were aroused and detectives were employed, when the remains of a number of children were found of ages ranging from a few months to several years, buried in every conceivable place about the premises. The woman was arrested and after a sensational trial, was condemned to death on the evidence of the guilty fathers, who were compelled by the authorities to appear in court to assist the crown. Minnie Dean's defense was that all the children died from natural causes.

JOHN Y. M'KANE SICK.

Gravesend's Ex-Boss May Not Live to Complete His Sentence.

New York, Sept. 17.—It has been learned from an authoritative source that John Y. McKane, the ex-chief of police of Gravesend, is not likely to live long enough to serve out his sentence.

W. Y. M'KANE.

In Sing Sing prison. Indeed, it is declared, although efforts have been made to prevent the knowledge of his condition from being made public, that he is a very sick man and that it would be no surprise to those of his friends who know of his condition to hear at any moment that he was prostrated in the prison hospital.

BLAST FURNACE STARTS.

Resumes Operations After Three Years of Idleness.

Chicago, Sept. 17.—The Calumet blast furnace at South Chicago, which was considered one of the leading industrial plants of the manufacturing town when it stopped business three years ago, resumed operations yesterday, and the prospects are that no further interruptions will occur. The "blowing in" at the furnace occurred shortly before noon. President Ridgeley, of the company, says that the constantly increasing demand for iron in the United States is the cause for resuming work at the Calumet at this time. The present management will continue for five years, and Mr. Ridgeley is of the opinion that there will be no further interruptions.

Force and full time from is now in the offices of the Calumet west are to be established in Cleveland, St. Louis, Pittsburgh and Philadelphia, while the general western agents will be Rogers, Brown & Co., Cincinnati.

Trouble Among Miners.

Charleston, W. Va., Sept. 16.—The officials of Fayette County say the striking miners in Louis Creek will to-day attempt to force the miners at McDonauld mine on Upper Top Creek, to come out. Armed men are at these mines. Yesterday a deputy sheriff from Fayette County came here and employed detectives to go to the mines and assist in preventing trouble.

ODD FELLOWS AT ATLANTIC CITY Grand Secretary's Report Concerning the State of the Order.

Atlantic City, N. J., Sept. 17.—The Sovereign Grand Lodge, Independent Order of Odd Fellows, assembled here yesterday. Dr. W. H. Izard, of Camden, acted as master of ceremonies. Mayor Franklin B. Stoy delivered the address of welcome on behalf of the city, and John H. Griffith on behalf of the I. O. O. F. of New Jersey. The address of welcome on behalf of the grand encampment of New Jersey was delivered by Grand Patriarch James McMahon, and Mrs. Sarah Deutscher, president of the Rebekah State Association, a branch of the order, delivered the address on its behalf. Grand Sire C. W. Stebbins responded and then delivered his annual report, after which the lodge went in secret session.

The grand secretary's report shows the following state of the order for the last year: Total number of grand lodges, 56, a gain of 1; total number of grand encampments, 50; total subordinate lodges, 10,592, a gain of 297; subordinate encampments, 2,610, a gain of 55; Rebekah lodges, 3,627, a gain of 335; lodge initiations, 63,845; encampment initiations, 9,407; total lodge members, 790,795; encampment members, 134,330; Rebekah members, 225,189; relief paid by lodges in North America, \$2,993,457.69; relief paid by encampments, \$234,540.23; by Rebekah lodges, \$45,313.94; total relief paid, \$3,233,311.96; revenue received by lodges in North America, \$7,474,328.06; by encampments, \$615,932.07; by Rebekah lodges, \$337,640; total revenue, \$8,427,903.53.

The report then gives some interesting statistics of the order from its inauguration in North America in 1830 up to Dec. 31, 1894, including Germany, Denmark, Switzerland and Australia. The initiations in subordinate lodges were 2,012,845; members relieved, 1,902,562; widows and families relieved, 216,178; members deceased in that time, 184,894; total relief paid, \$67,828,670.47; total receipts, \$176,786,202.60.

The report of Isaac A. Sheppard, grand treasurer, shows receipts of \$90,601.85; paid out from certificate No. 6, 268 to No. 6,688, \$62,083; balance in treasury, \$28,601.02. The report shows that the assets of the Sovereign Grand Lodge at this time consist of cash in treasury, \$28,601.02; \$15,000 in Lehigh Valley Railroad bonds, and \$15,000 in Philadelphia, Wilmington and Baltimore Railroad bonds. The total available assets, as per his report of Aug. 20, 1894, were \$63,251.25, showing a loss this year of \$4,650.23.

A special session of the Grand Lodge of New Jersey was held in the afternoon and was visited by the members of the Grand Lodge of Connecticut, who witnessed the exemplification of degree work. Only one session of the Sovereign Grand Lodge will be held to-day, because of the big parade, which begins at 2 o'clock in the afternoon, under the command of Col. George Wales, of Camden, department commander of New Jersey.

SEVEN BURNED TO DEATH.

Fire on the Steamer Iona Has a Fatal Ending.

London, Sept. 17.—Fire broke out on board the steamer Iona, from Edinburgh to London yesterday. Six of the passengers and the stewardess of the Iona were burned to death. The fire was put out, after four hours' struggle. The fire broke out when the Iona was off Clucton, in the fore part of the vessel. The passengers were aroused, and it was supposed that all had escaped from the burning cabin. While the crew were busy fighting the flames soldiers on board assisted in lowering the boats and in supplying the passengers with life belts. Suddenly it was discovered that some women and children were missing. The stewardess reentered the burning cabin, it is presumed, to try to rescue those who were missing, and she also perished. It was not until three compartments had burned that it became possible to enter the cabin, where were discovered the charred remains of six women and one child. Then the engines of the steamer were started up again, and the vessel proceeded on its way to London.

Boodle Investigation Begun.

Springfield, Ill., Sept. 17.—The taking of testimony regarding the charges of boodling against members of the thirty-ninth general assembly was commenced by the Sangamon county grand jury yesterday. Captain D. H. Harts, a lawyer of Lincoln, and a recent prohibition candidate for governor, appeared before the grand jury and stated that a party whose name he gave had informed him that between \$2,000 and \$6,000 had been paid out to secure the passage of the mechanics' lien law, introduced by Representative Isidor Plotke, of Chicago, and rushed through the house half an hour before sine die adjournment was had Friday night, June 14. The bill is in the interest of lumber dealers.

Rebellious Outbreak in China.

Hong Kong, Sept. 17.—It is reported that a rebellion has broken out on the border of the province of Fo-Kien. The insurgents are said to have occupied the town of Heng-Leng, from which the officials fled, leaving the people to the mercy of the insurgents. A detachment of imperial troops are advancing to give battle to the rebels.

News from Honolulu.

San Francisco, Sept. 17.—The City of Rio de Janeiro, from China via Honolulu, arrived at 5 o'clock this morning. Important cholera news is expected.

A TRAIN IS WRECKED BY AN OPEN SWITCH

PENNSYLVANIA PASSENGER HURLED FROM THE RAILS.

Several Passengers Were Injured By a Smashup at Sharpville This Morning But Details Are Lacking—Someone's Carelessness the Cause—Fatal Freight Train Wreck.

Sharon, Pa., Sept. 17.—A passenger train on the Pennsylvania road ran into an open switch at Sharpville this morning and the entire train was hurled from the track. Several persons were injured but how many cannot be stated.

Bonnville, Ky., Sept. 17.—Freight train No. 72 was wrecked one mile below here yesterday morning at 3 o'clock. Two men were killed and three injured. The killed are: POINTER, W. L., brakeman from Louisville.

UNKNOWN COLORED MAN.

The injured are: Dolan, Joseph, Worcester, Mass. Wertenbaker, George, Parkersburg, W. Va. Wheeler, James, Columbus, Ohio.

The wreck was caused by the breaking of a brakebeam. Ten cars were loaded with sugar and pig iron and were smashed to pieces and badly broken up.

Killed at a Grade Crossing.

Lynchburg, Va., Sept. 17.—A vehicle containing a man supposed to be Joseph Callahan, of Rustburg, two women, a girl of about 16 years of age, and two small children, was crossing the tracks of the Southern railway, near here yesterday, when it was struck by the engine of a south-bound passenger train. Five of the occupants of this vehicle were killed outright and the young girl was so severely injured that she died shortly afterward. The railroad officials are at a loss to understand how the accident occurred at the place named, as they say the track is visible for a distance of 200 yards or more, and the occupants should have been able to learn of the approaching train.

MINERS STARVED TO DEATH.

Perish Miserably Within Hearing of a Rescuing Party.

Vancouver, B. C., Sept. 17.—Advices received by the Australian steamer Miowara say that the bodies of the victims of the Eldora mine disaster have been recovered after two weeks' labor. They were imprisoned and almost withered in hearing of the rescuers were starved to death. It took exactly fourteen days to reach the dying men, and in that time all were beyond assistance.

Evidence of the terrible suffering of the poor fellows at the last moments was most heart-rending. Believing that they would be eventually reached by the would-be rescuers, but knowing, too, that it would be too late, the men evidently held an anti-mortem council, for most of them wrote letters to friends and relatives from their living grave, and there were evidences of solemn intercourse before death ended their terrible sufferings.

ATTEMPTED LYNCHING.

Sheriff at Osage City, Kan., Saves His Prisoner.

Osage City, Kan., Sept. 17.—At 1 o'clock yesterday morning this town was in a fever of excitement over an attempted lynching. Lew Thomas, a dissolute character, was in jail charged with a criminal assault upon the weak-minded daughter of O. R. Wackelfresh.

At midnight the jail was attacked by a mob of masked citizens. They made short work of the barriers and soon had the culprit out of the jail, and were leading him to the outskirts of the town. The sheriff in the meantime had organized a posse and gave chase. He and his men overhauled the mob and rescued the prisoner, who was hurriedly taken back to jail. At 1 o'clock the jail was surrounded by the mob, but was effectively stood off by the sheriff and his men.

OCEAN HORROR REPORTED.

Unconfirmed Rumor of the Loss of a North German Lloyd Vessel.

Berlin, Sept. 17.—There is a vague report current here that a North German Lloyd steamship has been sunk and 150 persons drowned. The rumor does not give the name of the vessel or the locality of the accident, but inquiries are being made.

Chicago, Sept. 17.—At the office of the German Lloyd steamship company nothing had been heard of an accident. Superintendent Smith, who has charge of the office in the absence of H. Clausenius, was at his desk until a late hour last night, but did not receive any word that would confirm the report.

To Be Commissioner of Fisheries.

New York, Sept. 17.—A special from Washington says: It is understood President Cleveland has practically determined to appoint W. L. May of Omaha, Neb., commissioner of fish and fisheries to succeed the late Marshall MacDonald. Mr. May has been fish commissioner for Nebraska for the last fifteen years. His appointment, if made, will be due to Secretary Morton's indorsement.

Turkey Assents to Reforms.

St. Petersburg, Sept. 17.—From a good source it is learned that the porte has accepted the demand of the powers with regard to reforms in Armenia.

FOX RIVER VALLEY FILLED WITH JOY

MILLS ALL STARTED UP THIS MORNING.

Hundreds of Men Who Have Been Idle For Months Can Now Go to Work—Marinette Man Sandbagged But Saves \$200 of His Cash—Bloody Fight May Be Fatal.

Appleton, Sept. 17.—All the mills in the Fox River Valley opened again today, as the result of the order from the war department at Washington, giving them the use of forty thousand cubic feet of water per minute. Hundreds of men who have been idle for six months can now return to work, and there is great rejoicing in consequence.

Marinette Man Sandbagged.

Marinette, Sept. 17.—Robert Hartley, a well known resident of this city, was held up by robbers and relieved of a small amount of money last night. Hartley was sandbagged from behind, and as he fell he pulled his money pouch, containing \$200, out of his pocket. The robbers overlooked the pouch. Hartley is badly injured.

Bloody Fight at Marinette.

Marinette, Sept. 17.—A "lumber Jack" named Reynolds, nearly killed two men in a fight here last night. Emory Goulo was left for dead, and an unknown Polack was so badly cut that he will probably die. Reynolds escaped.

THE QUESTION OF BONDS.

New York Syndicate Seems to Have the Matter in Its Hands.

Washington, Sept. 17.—"Will there be another bond issue? You will have to ask the New York syndicate," replied a well-known western representative when asked for his opinion. "There is no one outside the confidence of the Belmont-Morgan-Rothschild syndicate qualified to answer that question. The syndicate, which took the last issue of bonds at 104 when the market value was 119 and enforced a contract under which subsequent bond issues are to be given them, can compel a new issue at pleasure. Now, whether they will be pleased to accept more bonds in a month or whether they will wait two months is purely a business matter with them. It seems to me, however, while looking upon the question in this light, that inasmuch as the syndicate is in business for profit, a new issue may reasonably be expected."

The true amount of the gold reserve at the close of business yesterday was \$95,348,642. Since the recent heavy shipments of gold set in the government has received a number of offers of gold in exchange for notes. This is particularly true of banks in the northwest, where small notes are in active demand in moving the grain crops. Other banks, apparently disinterested, have offered gold in exchange for silver certificates. Several of the banks offered gold suspected of being a little underweight, as it was stipulated that it be received at its face value. Some of the other conditions imposed by western banks could not be accepted, but in all cases where the government consistently could do so the offers have been accepted.

WILL MAKE A TEST CASE.

Commander-in-Chief Walker in Favor of Litigation.

Indianapolis, Ind., Sept. 17.—The Commander-in-Chief Walker, of the G. A. R., announces it is his wish that during his term of office a suit shall be prosecuted in the United States court to settle the question as to whether a pension granted by the government becomes a vested right. It will be necessary for the council of administration to pick out the case of some veteran whose pension has been arbitrarily cut off by the department at Washington and bring suit to have the pension restored. It has been suggested by some of the veterans that General Harrison should be retained to represent the G. A. R. In case the suit is begun it will be hurried to the Supreme court of the United States as soon as possible.

Big Sale of California Fruits.

New York, Sept. 17.—More than fifty carloads of different kinds of California fruits were disposed of at a wholesale auction in this city during the last week. The prices obtained were remarkably low on account of a great influx of fruit from sections of the country nearer than the Pacific coast. Prices for peaches, pears and bananas were particularly low and weak. Oranges, which are scarce, were unchanged in price and fairly strong. Lemons, which are in limited supply, advanced about 50 cents a box. Limes, which only two weeks before were sold from \$9 to \$10 a barrel, were scarce and good ones commanded from \$15 to \$20 a barrel.

Murdered with a Pocket Knife.

Dayton, O., Sept. 17.—News has been received here that Saturday night while at the village of West Alexandria, Preble county, John Golden, a pensioner of this city, in a drunken fury attacked Mrs. Mary E. King, whom he had accompanied from here. He stabbed her twenty-four times with a pocket knife and she is now lying in a precarious condition. Golden was at once arrested. Jealousy is alleged to have been the cause.

DIPHTHERIA RAGING AT CHICAGO

Chicago, Sept. 17.—Diphtheria is raging here, and there were seventy deaths in the first sixteen days of September.

CHATTANOOGA WELCOME VETERANS

Business Is Suspended in Honor of the Noble Visitors From the North.

Chattanooga, Tenn., Sept. 17.—Continuing the enthusiasm and the patriotism aroused at Louisville by the invasion of the Grand Army on southern soil, Chattanooga has taken up the thread of sentiment and proposes to spin it out in the national and patriotic colors of red, white and blue, for the next six days, in a manner that will make every visitor go home feeling that he has been treated better than ever in his life, and had the biggest time. But there is to be a difference between this week and last. The colors are to mingle more, and the numbers of the blue and gray veterans are to be more evenly divided, for the park is to the memory of each, while the dedication is in every sense a national, not in any sense a sectional, affair. One state has as much interest as another, and no individual is alien to the purposes of the park in all it intends to commemorate.

How heartily Chattanooga has entered into the affair only those who are here can testify. All matters are secondary to the entertainment of the visitors, and those not engaged in caring for the pouring of thousands are helping in their own way to make things lively for the guests by spending a lot of money. It simply seems to be one grand and glorious holiday. All the world and his wife is out. The throng goes from one place of pleasure to another, and dollars go as easily as dimes. The purse strings of all the people have been pulled; no one is working who can get out of it, and for the first time in five years the fickle goddess Fortune, too long a wanderer from home, seems to have smiled upon the city.

MEET AT CINCINNATI

Army of the Tennessee Assembles in Twenty-seventh Annual Session.

Cincinnati, Ohio, Sept. 17.—The twenty-seventh annual session of the Society of the Army of the Tennessee began here at 10 o'clock yesterday morning, with an unusually large attendance. The morning session was devoted to reports and routine business. In the afternoon the distinguished visitors and their ladies attended a reception at Fort Thomas, in Kentucky, tendered by Commander Cochran and other army officers. The battalion drill was followed by luncheon, at which many ladies from Cincinnati, Newport and Covington assisted. Gen. D. D. Henderson reported \$94,000 secured for the Sherman monument, at Washington, and \$2,000 promised by the G. A. R.

A brilliant array of decorations in the bright Auditorium Theater of Odd-fellows' Temple, filled with enthusiastic members of the Army of the Tennessee and their friends, describes the beginning of the night meeting of this twenty-seventh reunion. Gov. McKinley delivered an eloquent welcome for the state of Ohio. Ex-Congressman John A. Caldwell, mayor of Cincinnati, spoke the welcome for the Queen City. The president, Gen. Granville M. Dodge, responded for the society, after which Col. Frederick D. Grant made the oration of the evening. Col. Grant's address was unusually interesting. It outlined Gen. Grant's plan of campaign for closing the war and described the order in which Gen. Grant would have narrated the story in the second volume of his memoirs had his life been spared.

SONS OF VETERANS.

Big Encampment Opens in an Auspicious Manner at Knoxville, Tenn.

Knoxville, Tenn., Sept. 17.—The ninth annual encampment of the Sons of Veterans assembled at Knoxville yesterday. Commander-in-Chief William E. Bundy, of Cincinnati, presided. Every state division with the exception of Colorado, California, and Oregon, is represented. Three thousand visitors are in attendance. Many of them are men of national importance, among whom are Past Commander-in-Chief Thomas G. Lawler and staff, of the G. A. R., and Governor Upham, of Wisconsin; Woodbury, of Connecticut, and Wert, of New Jersey. Governor McKinley, of Ohio, will arrive to-day. The city is one mass of flags and bunting, and brilliantly illuminated with electrical and gas arches. The encampment is the largest ever held by the order. The programme of entertainment is an excellent one, and thousands are being royally welcomed.

Troops Must Be Withdrawn.

Ishpeming, Mich., Sept. 17.—The striking miners held a meeting at Union park yesterday. Reliable members say that the steam users, including engineers, firemen, brakemen, and shovel men, 150 in all, were given permission to return to work. They say that committees were appointed to call on the local managers and the miners decided that they would return to work as soon as the troops were withdrawn.

National Irrigation Congress.

Albuquerque, N. M., Sept. 17.—The Fourth National Irrigation Congress opened here yesterday with a large attendance. Illinois, Kansas, Nebraska, Texas, Oklahoma, Colorado, Utah, California and Arizona being represented. Delegates are also present from Mexico and Canada.

FIERCE FIRE FEEDS ON A BIG FACTORY

BALTIMORE PEOPLE SAW A DISASTROUS BLAZE.

The Big Furniture Plant of the Bagby Company and Bradrick's Extensive Junk Store and Yards Are Swept Away—Loss May Exceed \$100,000 With But Scant Insurance.

Baltimore, Sept. 17.—Bagby's big furniture factory and Bradrick's extensive junk store and yards were swept away by fire this morning and the loss will aggregate \$100,000 with insurance said to be scant.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

The following were the games played yesterday in the National league:

At New York—
Philadelphia 1 1 0 1 0 1 0—9
New York 2 0 0 0 1 0 2—5
At Washington—
Washington 4 0 0 4 1 1 0 6*—15
Brooklyn 2 1 5 3 0 0 0 1—12
Second game—
Brooklyn 4 2 0 3 2 0—11
Washington 1 0 2 0 0—3
At Cleveland—
Cleveland 4 0 0 2 0 1 0—7
Cincinnati 0 0 0 0 0 0 0—0
At Boston—
Baltimore 0 0 0 0 1 0 5 0 1—7
Boston 0 2 1 0 0 0 1 0—4
Raia prevented the game between Chicago and Pittsburg at Pittsburg yesterday. The Louisville St. Louis game was postponed on account of wet grounds.

Western League.

At Minneapolis, Minnesota—Minneapolis 11, Indianapolis 7.
At Milwaukee, Wisconsin—Terre Haute 8, Milwaukee 3.

Western Association.

At Peoria, Illinois—Peoria 7, Quincy 4.
At Des Moines, Iowa—Des Moines 11, St. Joseph 7.

Michigan League.

At Kalamazoo, Michigan—Lansing 4, Kalamazoo 3.
At Jackson, Michigan—Jackson 5, Adrian 6.

STEEL WORKERS STRIKE.

Serious Trouble Probable in an Indiana Steel Mill.

Muncie, Ind., Sept. 17.—About fifty iron and steel workers, mostly puddlers, who left Muncie mills and went to Alexandria to work in the Union Steel company's new mill, quit work last evening and will return to Muncie to avoid trouble that seems to be sure to develop. The mill is owned by St. Louis men, and it was the understanding from the start that it was to be just the reverse of its name, or nonunion. Ironclad contracts were pushed in the faces of the men when they applied for the jobs to the effect that they were to be affiliated with no labor organizations. A majority of the men refused to sign these and were given places anyway, all going to work at union prices. Yesterday 200 iron and steel workers from St. Louis arrived to work in the mill, and every employee will be forced to sign the contract or quit work. There has been a great scarcity of men in all the iron and steel mills the country over, and this has encouraged the men in their fight for the organization.

DON'T WANT RECOGNITION.

Cubans Are Not Ready for Their Independence Yet.

Washington, Sept. 17.—President Cleveland has recently been credited with an intention to interfere in the Cuban revolution. It can be stated upon excellent authority that if the president takes any action short of recognizing the independence of Cuba he will do so against the most vigorous protests of the leaders of the revolutionists. The efforts of the Cubans have not progressed to such a stage as to justify President Cleveland in making such recommendation. He could, however, suggest that congress place the contending forces in Cuba upon an equal footing and declare a neutral course, and it is this which the revolutionists hope to prevent.

FOR YOUNG PEOPLE.

Elaborate Preparations Being Made at Bloomington, Ill.

Bloomington, Ill., Sept. 17.—The most elaborate preparations are being made for the ninth annual convention of the Christian Endeavor societies of Illinois, which is to be held in Bloomington, Oct. 3, 4, 5 and 6. This will probably be the largest and most interesting gathering of the kind that has ever been held in the state. Reports already received by the local committee and in charge of the preparations assure the attendance of not less than 2,500 delegates and visitors, and it is likely that 3,000 will be nearer the number in attendance.

Iowa Postoffice Robbed.

Dubuque, Iowa, Sept. 17.—Eight registered letters out of a package of eighteen were stolen from the postoffice Sunday night. The safe near by was opened and contained \$5,000 in postage stamps which were not disturbed.

A DEATH AT MILTON THE FIRST IN WEEKS

SON OF MR. AND MRS. SUMMERBELL CALLED.

The Village Has Been Remarkably Healthy Since Last May, but Now the Charm Is Broken—Fine Team Sold—Boys Ran Swiftly—The Bramhall-Phelps Wedding.

Milton, Sept. 17.—The youngest son of Mr. and Mrs. Summerbell died Saturday night after a brief illness. Funeral services were held at the home Sunday afternoon, Rev. E. M. Dunn officiating, and the burial at Milton Junction. F. E. Osborn and wife, who have been spending several weeks in Southern California, returned Friday. Mr. Osborn is not struck with that locality as a summer resort. Ernie Bond is carrying his left arm in a sling as the result of playing circus. He was suspending himself head down from a rope by his feet and when the "toe hold" slipped, a broken arm resulted and the "Young Favorite" ball team was deprived of its "star player" for the remainder of the season. Prof. J. N. Humphrey and wife, of Whitewater, were the guests of their parents, Rev. E. M. Dunn and wife, Saturday and Sunday.

Fred Church sold to Clark of Janesville last week a span of horses for \$200. The team weighed 2700 pounds and go to Vermont. Mrs. F. A. Clarke is in Minnesota visiting relatives and friends. Dr. Fred D. Rogers of Chicago was in town Friday to spend the day with his parents, Mr. and Mrs. E. B. Rogers. Mrs. J. C. Goodrich and daughter are at Fielding, Ill., this week. Rev. E. M. Dunn and wife came back from the east on Thursday. Mr. Albert Persels of Farina, Ill., a former resident here, has been visiting relatives in this village. Owing to the fact that beer is to be sold at the state fair (some other cause) this region is being favored with showers.

Clem. W. Crumb is representing the Staver & Abbott Carriage Co., at the State Fair this week. Miss Alice Snyder, cousin of Mrs. F. R. Morris, has a part in the play of "In Old Kentucky" which is on the boards at Litt's Bijou Opera House, Milwaukee, this week. She has the part of Bertha in the cast.

Boys Ran Well.
James Coon and Ralph Plumb of this village, won first and second moneys in the hundred yard race for boys at the County Fair Wednesday. Miss Helen Johnston of Chicago, is visiting at S. J. Clarke's. Miss Lu Williams is the guest of Mrs. J. M. Grier at Milwaukee. F. M. Palmister did business in Chicago this week. Mrs. S. B. Davy has been quite ill, but is now convalescent. John P. Saunders of Morgan Park, Ill., was a Milton visitor this week. Miss Lucy Hall is visiting relatives at Manchester, Iowa. The subject of Rev. C. E. Carpenter's lecture Sunday evening will be John Knox. Rev. W. T. Miller and wife are the guests of Rev. Webster Miller at Waukesha. The old veterans of this village are represented at the Louisville encampment. This has not occurred before in many years.

Bramhall-Phelps Wedding.
Rev. S. L. Maxson united J. H. Bramhall and Evelyn Phelps in marriage Tuesday at the home of the bride's parents. The Kings' Sons opened their reading room Wednesday evening. The lawn was brilliantly illuminated, and coffee and other refreshments were served without charge. E. A. Fetherston has gone to Chicago, to take a course of lectures in Rush Medical college. Rev. Chambers' youngest child is very sick with cholera infantum, and there is but a slight chance for its recovery. Miss A. A. Reynolds is visiting at Green Bay, and her parents, Mr. and Mrs. N. Reynolds, at Racine. Miss Gertrude Davidson was in Milwaukee this week buying her fall millinery stock. The college students enjoyed a social Tuesday evening. The new comers are welcomed and a jolly good time resulted.

We Howl
Long and loud about Marzluff shoes but we don't think too loudly, and they sell fast in consequence. Their merit cannot help being appreciated. Best for wear in every conceivable way and we guarantee a saving of from \$1 to \$2 a pair. Lowell's Annex.

Cotton Bats.
Lots of them; fresh, new stock; only been in the store a few days. When you renew the house supply of bats, come to us. Lowell's Annex.

PRICE'S
CREAM
BAKING
POWDER
MOST PERFECT MADE.
A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.
40 YEARS THE STANDARD.

GOOD TEMPLARS ARE AT WORK

Rally at Whitewater Today and in Janesville Tomorrow Night.

Janesville Good Templars gathered in force at Whitewater today, and when they return tomorrow night they will bring back as many of the delegates from other places as they can, and hold a grand temperance rally at the lodge room of the local lodge in the Court Street church block. The Janesville delegates to the District Convention at Whitewater were George Hanson, Mrs. W. G. Kildow, Grace King, J. W. Webb, Clark Beswick, Leslie Williams, Edson Baker, and Charles Ward. They left on the 10:15 St. Paul train this morning, and were accompanied by about a dozen members of the order who were not delegates. The visitors will be entertained free of charge while in Whitewater, and the residents of that city have made plans to treat them royally.

The local members of the order have made great plans for the rally at their hall Wednesday evening. As many of the delegates at the Whitewater meeting as can come here, will be invited, and it is expected that W. H. Clark of Ripon, one of the officers of the grand lodge will be present and make an address. The public is invited to the rally and it is hoped that the attendance will be very large.

CAUGHT BY FALLING FLOUR BAGS
Fred Wilbur's Leg Strained in a Rather Peculiar Manner.

Fred Wilbur of the grocery firm of firm of Skelly & Wilbur was painfully injured by a peculiar accident last night. The firm had just received a car load of flour in sacks and had piled it up in the store near the coffee mill. The pile reached nearly to the ceiling, and while Mr. Wilbur was at work at the grinder, the stack toppled over towards him. Mr. Wilbur could not get out of the way and one of his legs was painfully sprained by the sacks falling on him. The rim was broken from the flywheel of the mill and every spoke snapped off while the metal hopper was crushed in. Mr. Wilbur walks with a limp today while the coffee mill will require extensive repairs.

WHAT YOU HEAR AROUND TOWN

SCHOOLS.—The patent on covered slates having expired, we are now selling 7 by 9 single at 9 cents; ditto double at 17 cents. 8 by 12 and 9 by 13 double at 19 cents. All other sizes in proportion. Tablets at from 1 cent up. Best 300 page pencil tablets, 4 cents. We are never undersold on anything. Send along the scholars for supplies and books, to the pioneer book store of J. Sutherland & Sons, No. 13 Main street.

The season is rapidly advancing and it will only be a question of time when you will be thinking of rubbers and winter footwear. Our rubbers comprise only the very best kinds and their wearing qualities are unequaled by us on rubbers. We have the largest and best assortment in Southern Wisconsin. Brown Bros. Lincoln.

You are patching up the old last years clothes for the boys, spending much time and worry over them, but why do this. We can actually sell you clothing for the boys so cheap that it won't pay for the bother and besides after you have mended the old things they won't stand long. See our assortment. F. H. Baack.

THAT indescribable something which marks our line of ladies' jackets and makes them so favored by every lady that has looked at them is after all only a happy combination of style, finish, fit and workmanship. A blending of the several features so indispensable in the perfect garment. Bort, Bailey & Co.

THAT name Henney on the plate of a buggy means always superiority. There are many people in this vicinity who are using Henney's if you would look for more evidence of their high quality let us give you the names of a few purchasers with whom you can talk. F. A. Taylor.

It still holds warm doesn't it? and yet we are selling a great many fall coats for boys. It shows that people think of cold weather before its wings fairly sweep on them. Assortment of fall goods is very good. Get in line. Frank H. Baack.

In the past two days we have sold about 50 dozen of those heavy fleeced vests and pants that we are letting out at 25 cents each, and why shouldn't we, when we sell a 50 cent article for 25 cents. Bort, Bailey & Company.

WE WANT YOUR TRADE and in order to get it we will strive to offer you some inducements that can not help but bring you to realize that you can actually save money by trading with us. Brown Bros. & Lincoln.

BROWN BROS. & LINCOLN are always glad to show customers and goods, never consider trouble. Have you any spare time when down town drop in. Glad to see you. Brown Bros. & Lincoln.

JAPANESE silk pillows, beautifully embroidered in gold, at just about the price of the silk and pillow, with the embroidery and making thrown in. Bort, Bailey & Co.

Of all the times when the boys need to look well its school time. We can dress your boys up complete for little money in good honest clothing. Frank H. Baack.

Good, honest wool in our underwear, but none over our customers' eyes. That's why our half price underwear sale boms. Lowell's Annex.

It is so easy to sell Garland stoves? Years of use have proven merit. Lowell Hardware Co.

OPEN.—The book stores will be open this evening.

LOT OF NEW BOOKS FOR CITY SCHOOLS

FIVE CHANGES ARE ORDERED BY THE BOARD.

Superintendent Mayne Says There Has Been Chicanery In the Change—H. L. Brown and Miss Holt Added to the High School Force—Piano Deal.

Five new text books were ordered by the school board last night: two high school teachers were employed, and the purchase of the piano that pupils have already paid for, was ordered. The text book question was the most important matter to come up. A minority report from the text book committee favored the adoption of the following:

Sheldon's First Book.
Sheldon's Grammar and Composition.
Myers' General History.
Avery's School Physics.
Kepp's Greek Lessons.
Supt. Mayne in answer to Com. Shearer's inquiry stated that Sheldon's First Book and Language Composition displaces the Reed & Kellogg series, that Myers' General History displaces Barnes' General History; Avery's School of Physics takes the place of an older book by the same author. Kepp's Greek Lessons is a new book.

Com. Shearer then moved to divide the report and moved for adoption that portion having reference to all but the language books. This was done.

No Chicanery Mixed With It.

Superintendent Mayne spoke earnestly of the need for the new language books. Pupils could not do good work with the books now in use and teachers were often as much at sea as pupils. Nothing but desire for the welfare of the schools had prompted his effort to install the Sheldon books. There had been no chicanery to influence his recommendation.

"As to the sincerity of my intent," he said, "I can only stand before you. If I stand impeached, then impeached I am."

The adoption of the Sheldon books was then put to vote and carried, Commissioners Ardson, Clemons and Wisconsin voting aye; and Commissioners Goldin and Shearer no.

H. L. Brown, ex-principal of a high school in Lone Rock, and a graduate of Grinnell College, Iowa, was employed to take charge of the science work in the high school. Miss Mary Holt, a graduate of the Iowa State University, and a former high school principal, was also added to the high school force. Miss Holt took honors in oratory when she graduated.

The board voted to pay the balance due on the new high school piano rather than have the pupils raise money by ticket selling.

IT'S NOT A THISTLE AT ALL.

But Farmers Want to Look Out How They Permit it to Spread.

At this time of the year the Russian thistle is of more immediate importance to Wisconsin farmers than politics. Populists, socialists, and bad-moneyists are bad enough but the propagation of the Russian thistle is worse than any or all of them in a farming community. This thistle has been growing along the sides of railroad tracks in the state. Says the Milwaukee Sentinel: It does not belong to the thistle family and has no resemblance to any of its members. It is a branched weed growing to the height of three feet or so, and covered with innumerable triangular seeds, which, as they ripen, have a short thorny point at the end. It does not indulge in much leafage, but devotes its energies entirely to the production of seed with a view to rapid and widespread propagation. The stalk is woody as if it were preparing to live through a course of years, but in fact it perishes with the autumnal frosts.

This weed is reputed to be the most baneful to the farmer of all the noxious plants that interfere with his crops. It can disconcert the Canada thistle, and leave it out of sight in the race as a champion nuisance. It has already become a terror in the Dakotas, and a bill was introduced in the last congress appropriating a large sum to aid in its extermination. That body, however, was too much engaged in making war on the farmer's wool and bolstering up the sugar trust to act upon the measure.

If the Russian thistle is found in one place it will doubtless be found at other points along the road. It presents one of those cases to which the old adage respecting "a stitch in time" applies. It is yet inconsiderable in quantity and its seeds unripe. It may be easily eradicated if prompt action is taken. Every farmer and every lot owner in towns along the railway, should make it his business without delay to seek out and destroy the noxious weed. Unless this is done it will obtain a footing another year which will render its extermination next to impossible.

MISSIONARY WOMEN TO MEET

First Methodist Church Ladies Will Gather Tomorrow Afternoon.

The regular monthly meeting of the Woman's Foreign Missionary Society of the First M. E. Church will be held in the church parlors tomorrow afternoon at three o'clock. Officers will be elected for the ensuing year. The opening of mite boxes will be one of the pleasantest features of the meeting. Every member is requested to be present. Tea will be served from 5:30 to 7:30 o'clock. Every body invited to attend the session.

ALMOST BEYOND BELIEF.

Here Is a Story From Orange, Mass.

The Facts Are Certainly of an Interesting Nature.

The Tale as Told by the Lady Herself In Her Own Words.

The poet Alexander Pope says: "A wise physician, skilled in wounds to heal, Is more than armies to the public weal. But who shall decide when doctors disagree?"

This question was brought forcibly to mind by a recent occurrence which happened in Orange, Mass. It seems—but we will let Mrs. William Lamson, who resides in that town, tell the story in her own way.

"Four years ago I was very sick. I had been sick for three years before. My trouble was turn of life. I was confined to the bed for three years. I suffered great pain and came very near losing my life.

"I did but just live, just escape the grave. I employed two doctors and derived no benefit from them. Mrs. David Goddard, of Orange, Mass., who had been cured by Dr. Greene's blood and nerve remedy, advised me to use Nervura.

MRS. WM. LAMSON.

"I was confined to my bed when I began to use the medicine. I gradually began to improve, and have now used five bottles and am entirely cured. I do hard work every day, and firmly believe that if I had not used Dr. Greene's Nervura I should now have been in my grave. That put me on my feet when all else failed. I do not suffer any pain, and enjoy good health from the benefits I derived from the use of Dr. Greene's Nervura blood and nerve remedy.

"I have often recommended its use to other suffering people and I send this letter for the benefit of others."

It would appear that this letter plainly answered our opening question.

If doctors disagree about your case, if you have tried physician after physician, and are still not cured, follow the example of Mrs. Lamson and use Dr. Greene's Nervura blood and nerve remedy. Remember that it will help you even if all else has failed, even if through those repeated failures to be cured, you are discouraged and in despair of getting well. This grand remedy has saved thousands of persons worse off than you are, and it will make you well and strong if you will use it.

It is purely vegetable and harmless, and is the discovery of Dr. Greene, of 35 West 14th St., New York City, the most successful specialist in curing nervous and chronic diseases. The doctor can be consulted in all cases free, personally or by letter.

STONE CRUSHER IN POSITION

Big Machine Got Stuck in the Mud Yesterday Afternoon.

The new stone crusher is now in position at the Millmore quarry. The machine was taken from the cars yesterday afternoon and loaded on E. T. Fish's big dray. When near the new high school one of the wheels of the dray sank into the mud clear up to the hub and jack screws had to be used to get it loose. The machine weighs between nine and ten tons, and was therefore a pretty heavy load. It cannot be started up for a day or two yet, as they are compelled to wait for a belt wheel to arrive from the east. Bins to hold the crushed stone have also got to be built. Mr. Millmore furnishes the rubble stone to the city for crushing, free of charge, as he is glad to get rid of it. The new roller will furnish the power to run the crusher.

LOCAL HORSES OUT FOR MONEY

Hinbert Wilkes Goes to Dubuque and Dolly H. to Milwaukee.

Hinbert Wilkes, Soverhill & Porter's fast colt will be sent to Dubuque this week and Driver James Scott smiles confidently when asked what the chances are for a slice of money.

Ed. F. Carpenter's Dolly H. was sent to Milwaukee today to start in the state fair races.

Al. Schaller's Helen J., and the grey pacer Speck, will be taken to Edgerton Saturday by Trainer Joe Heid. Helen J. starts in the 2:40 class and Speck in the three minute class.

DID NOT USE A CORN CUTTER

William Sheridan Qualifies the Story About Daverkosen's Death.

William Sheridan, in whose well-known house Albert Daverkosen was found, says he did not chase Daverkosen off the premises with a corn knife as was reported to the police. He told him to go away but afterwards his sons gave Daverkosen a drink and did all that was possible to make him comfortable.

Dress Goods.

All the latest fall dress goods in plain or rough material. T. P. Burns.

FIFTY FAIR MAIDENS IN BELOIT COLLEGE

SCHOOL OPENS THIS EVENING WITH PRAYER.

Year Promises to Be Very Successful—Line City Man Takes a Position As Teacher of Manual Training in a Florida College—Has Been a Militiaman.

Beloit college will be formally opened tonight with prayer in the chapel. The number of students present this year will exceed that of any previous year by over a hundred. There are about fifty young ladies who will cast their lot with the college this year, and over one hundred new students for the academy. The opening is a very auspicious one for the college, and the coming year promises to be the most successful one the college has experienced.

Capt. E. J. Bending, a former commander of the Beloit Guards, but now a pattern maker in the Eclipse works, will leave next Monday for Lake City, Florida, where he has accepted a position as instructor in the manual training department in the Florida State University.

SHOPIERE PASTOR HAS RESIGNED

Rev. T. W. Barber Gives Up His Charge—Financial Reasons Involved.

Shopiere, Sept. 17.—Rev. T. W. Barber has resigned as pastor of the Shopiere Congregational church, his resignation being announced Sunday morning. Rev. J. W. Haddon, of Big Springs, preached Sunday. Financial differences led to Mr. Barber's resignation. Next Friday evening there will be a social in the Congregational chapel, with an art gallery in connection. Mrs. Eddy died Wednesday, after an extended illness. Cancer of the stomach was the cause of her death.

A Small Family

Could not do better than to either correspond or see us on the sale or rental of the house and lot we have facing Riverview Park. The house is heated by steam radiator in every room, and fine Magee range in kitchen, connected with hot and cold water, bath room, water closet, stationary laundry tubs, perfect sewerage and shades for all windows, newly papered, hard wood floor. In fact, is a model house and just right for a small family. Carrington bus line passes the door and within two and a half blocks of the street cars. We are the boys for business. Will sell, rent or trade to some one. Lowell Hardware Co., Milwaukee street.

A Thing or Two.

We could tell you about buggies, its our business why shouldn't we be able to. We have surrounded ourselves with a lot of makes of vehicles that we are confident from experience of the past cannot be equalled. Our repository is full of buggies. Come and make our acquaintance. F. A. Taylor.

Bear In Mind.

That when cool weather comes and there is a liability of both you and your horses catching cold, that we have a nice line of all-wool blankets and lap robes, the best we could find on the market. Lowell's Annex.

For Sale Cheap.

Encyclopedia, Britannica Peal's reprint, new edition, 25 volumes, splendid condition. It will pay you to investigate. Brown Bros. & Lincoln.

Small sizes at 1.15 a pair are golden bargains they are well worth \$2.50. Don't miss the harvest. Lowell's Annex.

EXPLAINED.

CONFIDENCE IN THEIR PRODUCT LED THE SHAKERS TO MAKE AN UNUSUAL OFFER.

People of this day and generation are not disposed to give things away. When therefore the Mount Lebanon Shakers recently stated that any one could get a bottle of Digestive Cordial by calling in person at their New York office, it excited a great deal of talk.

One of the leading dailies of the Metropolis sent a reporter to find out what was meant. It developed that the preparation in question has proven beneficial in so large a majority of cases that nine-tenths of the people who are sufficiently anxious to call for a sample, find so much relief that they continue the product's use and tell their friends about it. As a result a very large demand has been created.

The Shakers have a long record of success as inventors and their various medicinal products have always enjoyed a high reputation. The Digestive Cordial is not only nourishing in itself but it digests other foods when taken as directed.

Sleepless nights, spots before the eyes and a sense of heaviness after eating, loss of weight and general weakness are among the common symptoms of indigestion which it promptly relieves, and it is gratifying to know that such a positive and harmless remedy as the Digestive Cordial should have at last been devised.

The common idea about consumption is that it is a lung trouble, but this is not all. Why is it that the consumptive gets thinner and thinner until he has wasted to a skeleton? Because the food he eats does not nourish him. It has not digested.

The first sign of the appearance of consumption is growing thin, wasting; this is before the cough; before the expectoration. Stop the wasting and recovery will follow in the incipient stages, and the disease will be retarded in advanced cases.

THE COVENANT MUTUAL LIFE ASSOCIATION

Offers the simplest and best policy contract, which provides:—
Participation in dividends annually after three years.
Declared surplus to purchase extended or paid up insurance after five years.

At life expectation, use net reserve plus accretions, to continue policy in force without further payment. Half the face of the policy paid in event of total and permanent disability from any cause. Incontestable after three years. No restrictions as to travel or residence. No annual dues or any other side issues, which increase the cost. No excess of cost the first year, each year taking care of itself without a fluctuation in the rate. Those desiring the best protection offered by genuine life insurance, at the lowest possible rates, will be promptly supplied by

C. E. BOWLES,
District Agent C. M. L. A.

MONEY TO LOAN—Whitehead & Smith.

FOR SALE—Family horse, cart and harness. Enquire at Will Davis' livery.

FOR SALE—A new house with large lot and good well near the Madison road. Will be sold at a bargain. J. K. P. O.

Tomorrow the International Exposition in Atlanta opens. A description of some of the departments is therefore timely.

THE SOUTH'S GREAT FAIR.

It Promises to Be One of the Finest Expositions Ever Held.

At the point where Sherman thundered on Atlanta thirty-one years ago the Cotton States and International exposition is fast taking shape, and by the 18th of September will have assumed proportions second to none in international enterprises of this character, excepting only the World's Columbian exposition of 1893. This enterprise marks a turning point in the history of the southern states.

It is not by any means a local or provincial affair, and the term cotton states would be entirely too narrow a designation, if not accompanied by the broader word international, which truly describes the ambitious enterprise. It was first proposed to call it the "Pan-American" exposition, but even the western hemisphere would not measure its scope.

The exposition has received the indorsement of the United States government, congress having appropriated \$200,000 for a government building and exhibit. An eligible site has been assigned for this building, which will be one of the finest structures on the grounds. The practical experience of the board having this exhibit in charge will make it the most comprehensive and interesting ever made by the United States government.

The exposition has also received the indorsement of the legislatures and principal commercial bodies of all of the southern states, and reasonable assurance has been given that many of them will be represented by state buildings and exhibits.

Besides several exhibits announced from the southern republics, most of which are likely to be represented, the management is already assured of two exhibits from Africa, and, though the invitations to European powers have just gone out, the reports already sent home by consular representatives of European governments have been widely circulated by commercial journals, and through this channel the exposition is already attracting attention on the continent.

GOVERNMENT BUILDING.

Architecturally Far More Handsome Than the Chicago Structure.

The Government building will be of frame construction, covered on the exterior with shingles and clapboards and designed with a Romanesque motif. Its main dimensions will be 180 by 260 feet, with projecting pavilions 10 feet by 60 feet in plan on all four sides, and circular towers 25 feet in diameter at each corner of the building, making a total floor area of about 50,000 square feet. A cruciform clerestory 60 feet in width increases the height of the structure to 92 feet and produces the effect of a two-story building, and also assists in lighting and ventilating the interior. At the intersection of these clerestory wings and rising to a height of 105 feet will be constructed a turreted tower, having at its apex a platform for the exposure of instruments of the weather bureau.

The government exhibit will be arranged by a commission composed of gentlemen selected from each department because of their special fitness and experience in exposition work. An electric searchlight and a time ball will be operated by the navy department at conspicuous points on the roof.

The original design for the Government building has been enlarged by the addition of an annex, which is to be 140 by 80 feet. This will materially increase the space and proportionately expand the exhibit.

OTHER BUILDINGS.

All Will Be Attractive, and Some of Them Really Grand.

In addition to the Government building, plans have been accepted and work commenced on the following:

Manufactures and Liberal Arts	335x230x9
Machinery	100x48x7
Minerals and Forestry	81x32x50
Agriculture	133x292x102
Electricity	79x245x100
Transportation	128x433x68
Woman's	100x245
Fine Arts	180x260x70
Negro Building	180x260x70
Government	180x260x70
Administration	180x260x70
Fire and Police	180x260x70
Tobacco	180x260x70

AUDITORIUM AND ADMINISTRATION BUILDING.

The design of the Auditorium and Administration building has not been completed, but it is intended to have a structure which will combine the purposes of an auditorium and administration offices. The contour of the surface is such that this can be nicely arranged at the main entrance fronting Fourteenth street. The designs which have been submitted so far are of classic style, a two-story building opening with a portico and high Tuscan columns. Through this colonnade the entrance to the Auditorium is effected. This hall will seat about three thousand five hundred people, and here the different congresses and conventions, many of which have been arranged for, will be held. Upstairs elaborate provision will be made for all the departments of administration.

Plans have been ordered for a building to accommodate the fire and police departments. This will be a handsome structure, thoroughly supplied, with

the best apparatus that has ever been devised up to date. For fire protection the Gamewell fire alarm of the most improved type will be installed, and to make it more thoroughly efficient an auxiliary alarm system, covering every part of each building, will be added. Alarm boxes will be stationed near each exhibit and will register the exact locality at headquarters, so that the firemen may reach the point by the nearest route and in the shortest possible time. Hundreds of fire extinguishers will be scattered through the buildings, and in addition a number of two-wheeled trucks will be placed in the buildings to do quick work before the heavier apparatus can arrive.

The exhibit of fire apparatus will have ample space in this building, and the chief of the department has already secured creditable exhibits covering about twenty thousand square feet.

The police department will be thoroughly equipped and manned with the best material to be had. It will be organized by the chief of the Atlanta police, under the direction of the chairman of the police commission, who is also chairman of the executive committee of the exposition.

MACHINERY HALL.

The leading idea throughout the buildings is Romanesque. They are designed with an idea of stability and simplicity of construction. Take the Machinery building, for instance: That, in its interior construction, is a simple cube, so designed as to give a great deal of space inside, its exterior finish having a touch of the renaissance. On each end, at the sides and in the center, there are large porticos with immense pillars, which will give the entire building a stately appearance. It is the aim to construct a building whose size will not be apparent at first, but which will grow on the observer. That building will be sixty-five feet high.

MANUFACTURES AND LIBERAL ARTS.

The Manufactures and Liberal Arts building carries out the same Romanesque idea, but is considerably more elaborate. In the Agricultural building the idea is carried out in a sort of pyramidal shape. The Electricity building has towers and arches which can be brilliantly illuminated; and located, as it will be, at the foot of the lake, a great light effect can be secured. The towers at the corners of the Manufactures building are very large, and can be used for restaurant purposes, or anything of the sort. The broad outer corridor on the second story of this building can also be used to magnificent advantage for restaurant purposes.

FORESTRY AND MINERALS.

The building designed for Forestry and Minerals is to be erected of natural wood, embracing all the foliage found in the south, and it is proposed to festoon the entire interior at the ceiling line with southern moss and greens. The spaces between the principal posts and braces, which are themselves formed of natural trees, will be covered with bark, thus forming a most unique design, covering an area of 26,000 square feet, while a roof promenade or garden, of the same area, is also provided, the entire sides of which will be formed of palms and palmettos. An enormous fountain adorns the central portion of the building, the background of which is formed of minerals from all sections of the south.

The Transportation building will cover an area of 55,000 square feet, and is conveniently located for the installation of the heavy exhibits proposed for this building.

THE WOMAN'S BUILDING.

A Woman's building, designed by a woman, will be one of the most beautiful features. As the larger buildings are of Romanesque motif, it is proposed to have for the Woman's building a colonial design, which will harmonize and hold its own with the larger structures. The building will be arranged for the work of women, including a library for the books written by women, their musical compositions and magazines. Patents and inventions by women will have prominent positions in the Woman's building, with all other notable exhibit of woman's genius and skill. The artistic work of women is especially desired. Paintings in oils, etchings, water colors, architectural designs, sculpture and modeling in clay are invited from the United States and foreign countries.

FINE ARTS.

The Fine Art building will be located toward the southwest corner of the park, on the summit of a small hill situated between the Manufactures building on the north and the Casino on the south. The elevation of the site will be such that the building will command a view of the entire grounds. It will have a frontage of 245 feet with a depth of 100 feet. The center part of front facade will be 50 feet high, and the two side wings will be 36 feet high. The exterior has been designed after the renaissance, and the facade of the central hall recalls the stately old southern mansions of former days. The columns forming the colonnade on the east and west front are 3½ feet in diameter and 35 feet long, fluted, and having capitals designed in the Italian renaissance. In fact all the ornamentation throughout the entire building is in Italian renaissance, slightly tending to the Florentine school.

THE NEGRO BUILDING.

The management is under contract to provide a building for a distinctive negro exhibit, not less than 100x250

feet, and commissioners have been appointed from among the leading colored men in each state to take charge of the work of collecting and presenting for inspection by the public, in that building, the best work of the negro in every department of labor, and showing the progress made in education and the industrial pursuits since his emancipation. The mutual benefit to the negro and the white people of the country of this feature of the exposition will be apparent to everyone.

TOBACCO TRADE BUILDING.

The tobacco producers, manufacturers and dealers of the country are demanding a fitting display of that stupendous industry, and plans are well under way for a special building in which to show, as never before done, the cultivation, curing, marketing and manufacturing of tobacco and its products, in all its forms and stages.

SPECIAL BUILDINGS.

Provision is being made for suitable music and lecture halls, and for the exhibition of live stock, dairy products, etc., with all necessary power houses, pumping works, lighting plant, etc.

GOVERNMENT EXHIBIT.

The Various Departments at Washington to Be Represented.

The state department will make an exhibit divided into two groups—the history of the United States and the workings of the department. Such rare documents as the Declaration of Independence, in fac-simile, and treaties with foreign powers are to be shown. The department of the interior will be represented in the various branches. The United States fish commission will be able to make a particularly fine display, as Atlanta is favorably situated with reference to the sources of supply for marine and fresh water fish and other animals, as well as plants. The beautiful tropical and subtropical fishes of the Gulf of Mexico can be readily obtained and as easily kept in perfect condition during the exposition. Commissioner McDonald has decided to make a special effort to show the important game and food fishes of the south, and many of the curious fishes which invariably excite the wonder and admiration of visitors. The waters about Key West and Tampa abound in angel fishes, parrot fishes, trunk fishes and brilliant but voracious-looking morays, rabbit fish, porcupine fish, the sea bats, the trigger fishes and some of the cramp fishes which can give a very decided electric shock. The red drum, the tarpon, the showy porgies, the sheepshead, the squirrel fish, the red snapper—but the wealth of beautiful and curiously-shaped fishes is so great that their names would fill a column.

The forestry exhibit will be the most complete and comprehensive exhibition of the flora of the south ever gathered together. The exhibits of the navy and war departments will be fully equal to those made at Chicago.

MUSICAL FEATURES.

No Expense Will Be Spared to Make Them Perfect.

The finest orchestras of America have already been engaged for the exposition. It is the policy of this department to secure in succession a number of the most celebrated musical organizations. Gilmore, Sousa, and Innis' bands have been engaged. A succession of attractive musical programmes is in preparation, and some magnificent spectacular accompaniments will be produced.

Under this head will come the chime of bells—the largest ever erected in America. A tower many feet high will be erected on the highest point of the grounds, near the Government building and Art palace, for the accommodation of the largest chime of bells ever exhibited in America. A full chime of thirteen bells will be placed on the top of this tower, and their sweet melody will be heard echoing through the hills of middle Georgia for miles around.

AMUSEMENT FEATURES.

The Fair Will, of Course, Have a Full-Fledged Midway.

The Midway Plaisance is to be repeated here with many additions and improvements. Hagenbeck is coming with his animal show; there is to be a Cairo village, Chinese and Japanese villages, a German village, a Mexican village, a Guatemala village and several other ethnographical exhibits that were not seen at Chicago. The amusement features are to be more extensive, also, than they were at Chicago, with plenty of music and motion and merri-merr.

Concessions which are not easily regulated and upon which the percentages would be difficult to collect are to be sold outright at auction, with a minimum price and a space rental for the number of square feet occupied, while the percentage plan is to be applied only to such as charge an admission fee. The soda water fountains are charged \$1,000 each, and the sausage and coffee pavilions the same. The pop corn and peanut vendors must pay at least \$500 each; the confectionery stands the same; souvenir spoons, \$300 for each stand; hot waffles and griddle cakes the same; canes and chewing gum, \$250 each, and others in proportion. No space is free. Every exhibitor is charged \$1 a square foot for the area he occupies and pays 6 cents a hundred-weight for terminal charges; but there is no restriction upon the sale of merchandise for delivery at the close of the exposition or by sample while it is in progress.

STATE EXHIBITS.

Will Be One of the Leading Features of the Great Show.

The state exhibits will constitute one of the most important and interesting features of the great fair. Prominent among these will be the Georgia exhibit, installed in a handsome building near the Fourteenth street entrance. Near by will be another of Florida—Florida covering a large space. The Florida exhibit, besides embracing displays of all the products of the state in detail, will be employed for unique exhibits of the great railroad systems penetrating the peninsula. The Plant system, for example, will erect a pyra-

mid one hundred feet square at the base and fifty feet high. The Flagler system will be handsomely represented with special exhibitions, as will also the Louisville & Nashville and the Jacksonville, Tampa & Key West railroads.

South Carolina will furnish one of the best and most attractive of the state exhibits. This will not be done with state funds, but very efficiently by private means, raised through a very thorough organization extending to all the counties. The Commercial club of Charleston began the movement, and the governor has cooperated by appointing commissioners in every county.

A similar movement is in progress in Alabama, and funds are being raised in all of the best counties for exposition purposes. A state exhibit will be made and the massive deposits of iron, coal and other varied minerals, together with the vast forest wealth and the vast agricultural resources of Alabama, will fully appear.

North Carolina has practically intact the material of her exhibit at the world's fair, packed in handsome oak cases, which have thoroughly protected the specimens. By adding new samples of agricultural and other products of a perishable nature, this exhibit can be perfected and transferred to Atlanta with very small cost, and this will doubtless be done, as the matter, which is now before the legislature, has received the indorsement of the governor, the state board of agriculture and all the leading members of all three of the political parties. North Carolina can make a fisheries exhibit only second in importance to that of the United States government. The importance of this resource may be imagined from the fact that the largest seine in the world is operated on the North Carolina coast. It is two miles long. The ends are towed out into the bay on steam flats, and hauled back in the same manner, bringing in at a single haul thousands or even millions of fish.

The legislature of Louisiana at its session last summer adopted a joint resolution, instructing executive officers to make at this exposition an elaborate exhibit of the products and resources of the state, and it goes without saying that a very handsome display will be brought here.

Movements for exhibits have been made in Illinois, Tennessee, Pennsylvania and New Mexico.

The commissioner of mines, manufactures and agriculture, of Arkansas, has applied for large space in which to make a liberal exhibit of that state, and writes the exposition management that the Arkansas display will compare well with those of other states.

The movement for an exhibit from California was begun some time ago, and the chambers of commerce and boards of trade of the different cities have arranged to supply the material. A company has been formed which will install exhibits in a building of the Old Mission type of architecture. It is expected that this will be one of the handsomest buildings on the grounds. The Southern Railway system will make one of the handsomest exhibits on the grounds. At the request of that company the supervising architect of the exposition has prepared plans for an exhibition building, classical in style and imposing in its proportions, and it is said that this structure will be one of the most beautiful on the grounds. The management of the Southern railway promises that this exhibit will be in every way worthy of the occasion.

TRANSPORTATION.

Arrangements for Reduced Rates Already Completed.

The department of transportation has been organized with a veteran railroad manager at its head, and arrangements have been practically completed with the transportation lines of the United States, Canada and Mexico to bring exhibits and visitors to Atlanta at reasonably low rates. Exhibits which pay full freight coming and remain unsold will be returned free of charge. Throughout a large part of the United States a rate of one cent per mile each way will be put on, and it is probable that from the most distant points the rate will not exceed one fare for the round trip.

Liberal concessions have been made by the ocean steamship companies, embracing a number of the trans-Atlantic lines plying between New York, Baltimore and the ports of England and the continent of Europe. The Pacific Mail Steamship company has agreed to transfer free of charge all exhibits from points in South and Central America reached by its lines, and will make liberal reduction in fares to government officials or other visitors from those countries.

ON THIN ICE.

The treasury officials say that no bonds will be sold in October. The country hopes no bonds will need to be sold in October, or ever again in time of peace. But the treasury has done some things that were worse than selling bonds. It allowed the gold reserve last winter to drop below the \$50,000,000 line when it could have prevented this by making a bond sale earlier. And even then it neglected to make a sale until the assistant treasurer at New York had warned the authorities at Washington that unless his gold stock was replenished within forty-eight hours he might have to suspend specie payments. When the treasury officials allowed the gold fund last February to drop to \$11,000,000 they did more to injure the country's credit and assail the reputation of the administration than they would have done had they made half a dozen sales with the fund up around the \$70,000,000 or \$80,000,000 mark. They knew as well when the reserve was at \$70,000,000 as they did when it was at \$11,000,000 that the sale could not be avoided. They ought to have known, and doubtless did know, that the lower gold was allowed to drop the harder would be the terms to which they would have to submit in getting new gold. Nobody looks for any serious treasury drain again, but if, for any cause, the reserve should go much below \$90,000,000, business prudence demands that measures be taken immediately to put it on the safe side of the \$100,000,000 line.

ATLANTA GREET'S THE WORLD.

The International Exposition which opens in Atlanta tomorrow will unquestionably be one of the largest and best ever held in this country, and is expected to rank next to the Centennial and the World's Fair. The government exhibits will be remarkably comprehensive. One of the novel features will be the colonial exhibit from New England which will be the most extensive of the kind yet brought together. It will include relics of the great men of the Revolutionary era, a quilt embroidered by Rose Standish on the Mayflower, the pipe of Miles Standish, General Putnam's spoon, a powder horn from Bunker Hill, and hundreds of articles of equal interest. The disposition all over the country has been to encourage and aid Atlanta in this great enterprise. At the appointed hour the big show will open, and it promises to be in every respect a memorable success. The tide of travel from all points of the compass toward the beautiful and rising southern city will be heavy.

DUNRAVEN SILENT.

Dunraven has not yet explained how the interference of excursion boats bothered him any more than it did the Defender. The interference was unfortunate and regrettable, but it operated against the American as well as the English yacht. This interference, has been experienced in every race for the cup sailed on the side of the Atlantic, and is unavoidable if the race takes place anywhere within a day's sail of a large city. The scores of excursion boats at such points, with their tens of thousands of passengers eager to get a good view of the races, are bound to make trouble for both competitors. Dunraven knew this from his experience last year, and his waiting until the third race before making a protest was nonsense.

Returning tomorrow the Grand Army of the Republic has never before received such an enthusiastic welcome as the one given to it this

year at Louisville. The people of that goodly city have certainly maintained Kentucky's reputation for hospitality, and at the same time have presented an object lesson of peace, kindness and reconciliation that will not soon be forgotten.

Without a glimmer of hope but with the automatic regularity of clock work figures these Pennsylvania democrats go through the motions of nominating a ticket. Their reward will come about the same time the Texas republicans get theirs.

Mr. Cleveland is not likely to take a hand in the Cuban affair as long as his Hawaiian experience is fresh in mind.

Mr. Cleveland has never refused any nomination yet. That may be the cause of this third term talk.

You Can't Break Them.

We do not claim to sell all the clothing and keep the only clothing store in Janesville. We are not jealous of any competitor; we wish them all the success in life that can be had; but we do claim that when we advertise a good child's suit for 75 cents, age 4 to 14 years, or a good boy's suit for \$2.50, age 14 to 19 years, large sizes fit a man, hundreds have answered the call, purchased these goods from us and remarked that they are a good deal better suits than they expected to get for the money. This want your trade, readers, and new trade, and will say we will give you for \$2 an all wool child's suit, or for \$3.50 an all wool boy's suit, and all we ask is try and see if you can beat us. If you can, purchase elsewhere. But in order to compare, it is your duty to give our line an inspection. Remember these are cash prices. No charges. If you have money to spend it will pay you to visit our store, if not, these prices are not for you. Rosenfeld's clothing store on the bridge. Sign on the window.

Praises the German Army.

Berlin, Sept. 17.—The Tageblatt publishes an interview with Lord Lonsdale, who has been unofficially the guest of the emperor during the Stettin maneuvers, in which he praised the German cavalry, but declared that the performances of the infantry were marvelous and beyond praise. Altogether, Lord Lonsdale added, the German army justified the verdict that it is the best in the world.

Will Affect Twenty Thousand Men.

Scottsdale, Pa., Sept. 17.—At a convention of the cokerworkers here yesterday it was decided to order a strike at once at all the works until the demand for an advance made recently is granted by the operators. If the order is obeyed, it will affect about 20,000 men, and will close down all the works in the Connellsville region.

Ex-Senator Jones Losing His Sight.

Dubuque, Iowa, Sept. 17.—Ex-United States Senator Jones, at the age of 91, is growing blind. He has lost the sight of the right eye, and when a film forming over the left is complete, he will submit to an operation which will restore the sight or make his blindness total.

HAVING FUN WITH OTHERS.

A Wag in Washington Who Is Playing Hat Pranks on the Clerks.

There is a man in the treasury department, says the Washington Star, who has it in for somebody; he doesn't know who, but he will find out in time. He had not many friends in the office. He was too mercenary to be popular, so when he appeared one morning with a new silk hat they made up their minds he shouldn't enjoy it long. As soon as a chance offered the leader of the conspirators neatly folded a piece of paper and laid it in the inside band of the hat. Of course it was unnoticed by the wearer. Next day he put in another, and next day another. Once it was noticed when he put the hat on he took it off, glanced anxiously inside to make sure it was his hat, then fitted it on his head as best he could. Toward the end of the week, when a fresh paper had been added each day, he began to talk about how peculiar it was that the hat had grown more uncomfortable each day until he felt as though he didn't want to appear in it. Then he became alarmed and thought he had some disease of the head. Then he confided to a fellow clerk that he was going to consult a physician that day. His friend took the beaver in his hand—tried it on his head. "That's a good fit. What'll you take for it?" The answer came quickly, "Two dollars."

"Here's your two," and the clerk closed the transaction by paying up and taking the beaver. Then he sought the doctor, who prescribed for him, charged him \$2, and told him to come again. The man has been making regular visits for the benefit of his head. Saturday he found out the joke, and at the same time discovered the trouble with his head. He had wheels. The other man has the beaver.

Atlanta Exposition Tomorrow.

Atlanta, Ga., Sept. 17.—The multitudes whose presence denotes that the opening of the cotton states and international exposition is at hand already fill the streets of Atlanta and every incoming train brings hundreds of travelers. To-morrow at high noon the people will gather in the main auditorium to assist in the opening of the first great event in the southern states since the war which is entirely divested of sectional character and full-grown to national proportions.

To Develop Wyoming Oil Wells.

Omaha, Neb., Sept. 17.—A contract has been signed by Albert Walton of Omaha, F. H. French and others of Casper, Wyo., with Edward A. Cudahy, the head of the Cudahy Packing company, for the thorough development of a tract of oil land near Douglas, Wyo. Two wells are to be drilled at once. Mr. Walton is now in Pennsylvania purchasing the necessary machinery for the company.

Mexico to Recognize Cubans.

New York, Sept. 17.—Cuban sympathizers in this city say that Mexico will recognize the insurgents as belligerents within a few days. They base their assertion on private dispatches received from the City of Mexico.

Runs in Families.

Mrs. Grey—Have you heard the news? Sarah Black, who went abroad in the spring, has married a peer!

Mrs. White—It seems to run in the family, doesn't it? Her sister Jane married a wharfinger, you remember.

A RELIABLE PILE CURE.

The Pyramid Pile Cure is the safest and surest pile cure on the market, because it contains no mineral poisons nor opium nor cocaine, but can be used with absolute safety and certainty of cure.

Many physicians are now using the Pyramid Pile Cure in place of surgical operations, being painless, convenient to use, and the patient can attend to his daily occupation while the cure is being made, as it is used at night and no additional treatment is necessary.

Dr. Wharton says the Pyramid Pile Cure will prove a blessing to mankind, when it is remembered that heretofore a surgical operation was considered the only cure with all its danger to life, intense pain and an expense of from ten to one hundred dollars, to say nothing of the possible return of the trouble. The Pyramid Pile Cure is sold by druggists at 50 Cents and \$1.00 and does the work quickly and safely.

A book on cause and cure of piles will be mailed free by addressing Pyramid Co., Albion, Mich.

BORT, BAILEY & CO.

During the past fifteen days we have had landed over one hundred and twenty-five large cases of Dry Goods purchased in the Eastern markets at low prices. A CAR BROKEN OPEN AND CLOTHING GONE

S. ROSENFELD DIDN'T GET HIS
FULL STOCK TODAY.

Several Boxes of Goods Consigned to Him Are Looted In Transit—John Burger, a Beloit Butcher, Catches John Riley In the Act of Robbing His Shop.

Thieves broke into a Chicago, Milwaukee & St. Paul freight car somewhere between Janesville and Chicago last night, and that's the reason that Rosenfeld, the clothier, didn't put all of his winter stock of children's clothing on the shelves today.

The car was consigned to Mr. Rosenfeld by Garson, Meyer & Company, of Rochester, N. Y. The train left Chicago at 8 o'clock last night and arrived at Janesville at 4 o'clock this morning. When the engineer pulled out of the World's Fair city the car was sealed. When it reached Janesville the door was unlocked and the packing boxes had been tampered with. Goods valued at between \$50 and \$100 had been taken, the thieves not even being particular about getting complete suits, as odd coats and pants were left behind.

Mr. Rosenfeld at once notified agent P. L. Hienrich of the theft and the matter is now in the hands of the company. "I do not think the work could have been done here," said Chief Acheson this afternoon. "The car was evidently broken into somewhere between here and Chicago, perhaps while the train was standing on a sidetrack."

Beloit Butcher Holds John Riley.

John Riley, a tramp was caught in the act of tapping the till in the Burgers' meat market at Beloit last night and is now in jail here. It was about 7 o'clock when Riley entered the market and seeing no one in sight commenced to fill his pockets with money from the cash drawer.

He has succeeded in getting twenty dollars of the thirty-five in the drawer when Mr. Burger espied him from the back room and ran out, knocking the thief, money and cash drawer clean across the store with one blow. Riley jumped to his feet and made a start for the state line but was captured by City Marshal Appleby and lodged in jail. He was brought to Janesville this morning to answer trial in the municipal court on September 23 for burglary and larceny.

James Crowley, a plain drunk, was also brought up by Marshal Appleby this morning for a few days vacation.

WATERTOWN TO GET THE \$80,000

Judge Bennett Decides The Famous Cole Will Case That Way.

Judge Bennett has decided the somewhat famous "Watertown will case" which was argued in the circuit court here, in favor of the defendants, and finding the will valid. The judge rendered his decision at Jefferson where he was holding court. The will gave nearly all of the estate, valued at about \$80,000, to various public institutions in the city of Watertown. The estate is nearly all in real estate, and the will provided that a certain portion of the property shall be sold at the death of the legal heirs for the erection and maintenance of a public library and business men's club; the farm north of the city to be set apart and maintained for a public driving park and agricultural grounds; twenty acres in the seventh ward to be used for a home for the aged and poor people of Watertown; and the homestead in the First ward to be adapted for the purposes of an old ladies' home. Provision was also made for the maintenance of these institutions.

The legal heirs of John W. Cole, the testator, who died in February, 1894, are his wife, Eliza C. Cole and his son Oscar S. Cole, and they are by the terms of the will given the use of the estate during their lives. A peculiar provision is in the will to the effect that in the event of the refusal of the city to accept the bequests the trustees shall sell the property for the benefit of the heirs. Last spring the executors brought a suit for a construction of the will by the court which it was stated that the time having arrived for the division of the property, and the city having decided to accept the endowment it should be divided among the heirs. The mayor and city clerk made answer that the city had refused the property as it had not been offered the corporation as yet.

The case will undoubtedly be taken to the Supreme court. Even in case the decision of the Circuit court shall be confirmed, the bequests, except that for the Old Ladies' home, will not be available until after the death of the heirs.

Cloudy With Possible Rain.
Forecast: Increasing cloudiness with probable showers on Wednesday.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. .64 above
1 p. m. .86 above
Max. .88 above
Min. .57 above
Wind south.

Coffees.
We carry a full line of Chase & Sanborn's coffees. Hayner & Grubb.

TO GAZETTE READERS.

H. F. Bliss' work as superintendent of the school for the blind, necessitating his complete withdrawal from the management of The Gazette, the business and editorial department will hereafter be in charge of J. C. Wilmarth, and the news features of the paper in charge of Burton F. Nowlan.

BRIEF CITY NEWS NOTES.

It would be useless for us to try and set forth all of the reasons why shrewd buyers ought to purchase from our line of popular fur capes.—just a suggestion. Come in and look over our assortment of styles, examine the skins, note the linings and general makeup, hear our prices, and then go out if you wish. You won't go though, for you'll see that we can save you money. This is no tale, it's solid fact. Bort, Bailey & Co.

PREACH—Rev. A. E. Robb, the colored evangelist who lately returned from Africa, will hold a public meeting on the Corn Exchange square tonight, and will sing and preach. He hopes to have a goodly audience, and probably will.

We don't ask anything but honest judgment on our line of ladies' jackets: all we expect or desire is that you satisfy yourself by an inspection as to whether you can find better values in Janesville than we show. Our styles are up to date, finish and fit are perfect, materials the newest and from the best mills. Our selling prices are always down. Bort, Bailey & Co.

HURT—John Love, a C. & N. W. brakeman had his foot painfully crushed when the swinging side of a coal car fell on it in the company's yards, at Carey, Ill., yesterday, and Dr. W. B. Metcalf was called to dress the injury.

ON A TRIP—Mrs. C. D. Stevens and son left today for Chicago, where they where they will join Mr. Stevens and take a tour of the east. They will also visit the Cotton States Exposition at Atlanta before they return.

TO MEET—There will be a meeting of the board of directors of the Arrow Cycling Club at the club house on Friday evening at 8 o'clock sharp and all directors are requested to be present.

MOVED—W. B. Knight, who has been running a job printing office in Edgerton, has removed his material back to Janesville, and is located in rooms over Ashcraft's furniture store.

SMALL feet, small price 98 cents. 2 1/2, 3, 3 1/2, \$2 \$3 50, \$3 shoes. Are you in line. Remember 98 cents only. Take your choice 200 pairs to select from. Brown Bros. & Lincoln.

CIRCUS—An extra car was attached to the St. Paul train for Madison this morning, it being the intention to use it in transporting the crowd to the capital city to see Barnum's circus.

THE A. Richardson Shoe Co. have a metropolitan colored shine now, by the name of Louis Graham. Any shoe bought of them is cleaned and polished free of charge.

TONIGHT we will close out the balance of our peaches. Remember, there will be nothing but bargains: will sell them regardless of price. John Spivak.

MOVED—A. L. Neilson, the wagon maker, has removed his shop to the Burns Carriage and Gear Company's plant on Wall and Franklin streets.

GIRLS—The St. Paul depot was alive with pretty girls this morning, most of them being en route for Rockford to attend the Rockford college.

EASTERN STAR—Janesville Chapter O. E. S. will hold a special meeting for work Wednesday evening Sept. 18 at Masonic hall at 7:30.

A FULL supply of school books and school supplies for sale at King & Skelly's book store. Store will be open evenings this week.

CAIS—The St. Paul company sent several extra passenger coaches to Milwaukee today, for service in carrying state fair crowds.

FRONT porch a little rusty? We are selling Heath & Milligan's read-mixed paints at astonishingly low prices. Lowell Hardware Co.

STUDYING—R. L. Brown, Dr. E. D. Roberts right hand man, went to Chicago today where he will enter a veterinary college.

ODD FELLOWS—Janesville City Lodge No. 90, I. O. O. F. will meet at Odd Fellows hall on North Main street tonight.

ANOTHER shipment of Northern dairy butter came this afternoon we have it now, may not tomorrow. Nolan Bros.

HOGS SHIPPED—George Falcon delivered three hundred hogs to Charlton & Dawson today for shipment to Chicago.

FAIR—Janesville was quite well represented at the state fair in Milwaukee, which opened today.

We have several lines of ladies shoes which we are closing out at a bargain. Lloyd & Son.

MASONIC—Western Star Lodge No. 14, F. and A. M. will meet at Masonic hall tonight.

NOLAN BROS., the grocery men have added a case of cigars to their stock. Boys and misses shoes for \$1.00 to \$1.25. All solid. Lloyd & Son.

Go to F. F. Pierson for bicycle and sewing machine repairing.

THE Bee Hive has a very pretty display of shoes in their window.

MARTIN DUNN, of Dunn Bros' is in Milwaukee today.

Any kind of wheeled vehicles at Taylor's.

Ask questions of Taylor about carriages.

GARLAND stove and range at Lowell's.

HENNEY buggies at Lowell's.

HALSEY'S GOOD IDEA NOT ACTED UPON

REV. MR. HUNSBERGER SORRY
IN CONSEQUENCE.

The Pastor of Court Street Methodist Church Gave Advice that Was Regarded In One Particular Point But Was Wholly Lost Sight of In Another.

Rev. Sabin Halsey has been giving Rev. Mr. Hunsberger, the Milwaukee marryer, a little good advice. Mr. Halsey was Mr. Hunsbergers predecessor and the suggestion he gave incoming pastor seems to have borne fruit.

"What have you to say about what other clergymen of the city say about your marrying Chicago couples?" asked a Journal reporter of Mr. Hunsberger yesterday.

"I have nothing to say," he replied. "I am not 'saying' nowadays, but simply thinking."

"What are you thinking about?" inquired the reporter.

"Oh, about what my predecessor, Dr. Halsey wrote me shortly after my coming to this city."

"What was that?"

"He said: 'You are likely to have a good many weddings during your pastorate in Milwaukee on account of your location, and you will doubtless therefore be the subject of criticism from the press and certain ones in the ministry, no matter how particular you may be about whom you marry. My advice to you is, marry those who come to you whom you can marry legitimately, put the fees they give you in your pocket, thank God for them, go on quietly about your business, and let the other fellows, who never get any weddings, do the howling.'"

A point that Mr. Hunsberger has forgotten, however, is what he was told about the newspapers.

"Don't try to keep things away from the newspaper men," said Mr. Halsey. "The harder you try the more they will dig, and they will be sure to print a lot of things that they wouldn't care to use at all otherwise. Don't fight the newspaper boys and they won't fight you."

Mr. Hunsberger didn't take Mr. Halsey's advice in this respect. He tried to conceal the number of his marriages, so the reporters instead of letting the various weddings go with a line, did sentinel duty in front of the house and had column stories daily.

TO JUDGE HORSES AT THE FAIR

Alex. Galbraith Will Act in That Capacity at Milwaukee This Week.

Mr. and Mrs. Alex. Galbraith left for Milwaukee this morning, and will be absent all the week, Mr. Galbraith being the judge in the horse department of the state fair. Mr. Galbraith is becoming noted as a judge of horses, he having just returned from Toronto, where he acted in that capacity at the Industrial Fair, the largest horse show in the country.

Our Talk is Honest.

Open tomorrow night until 9 o'clock and are always pleased to show you goods as advertised in the columns of our daily newspaper. We don't try to show you anything different than you ask for. Recollect all wool child suits cost you \$1.50 to \$2 and all wool boys suits cost you from \$3.50 to \$5. They are all wool! All kinds of tailors' competitors don't alter; the matter one particle. We will donate \$50 to any charitable institution of our city if we don't carry out to the letter every promise we make or every word we say we will do. Also we can show you child suits from 75 cents and good boys suits for \$2.50 at Rosenfeld's popular clothing house on the bridge. Sign on the window.

The Stove Question
Is an important one; first thing you know cold weather will find you napping without your stove or furnace in proper repair for use. Look up the heating apparatus, and if you need new stoves or furnaces, or the old ones can be fixed; let us know. Lowell's Annex.

Why Don't You Buy Pure Beer?
Get Getteman's \$1,000 warranted pure malt and hops, just as cheap as corn beer. Claret, per quart bottle, 25 cents, '89 vintage. Telephone 163. Goods delivered. M. M. Fardy, 10 South River street.

400 Pounds
Of Northern Dairy butter came this afternoon by express from the north. If it goes out as fast as the last did, it won't leave us much by tomorrow night. Order early. Telephone 173. Nolan Bros.

A Big Run.
On those school supplies, slates, pencils, pens holders, pencil boxes, tablets, etc., have gone like hot cakes. Low prices do the business, money savers appreciate Lowell's Annex.

No Shabby Woodwork.
Easier to do your painting with Heath & Milligan's ready-mixed paint than to bother with a painter. The price another attraction. Lowell Hardware Co.

Cranberry's.
New lot just arrived at Dunn Bros. New honey at Dunn Bros. TOMATOES any quantity for canning at Dunn Bros.

Underwear at Amputated Prices
Nipping days will make warm underwear a necessity. Get a supply at fifty cents on the dollar, while the sizes at Lowell's Annex are unbroken.

MRS. BROSEN MAKES A STATEMENT Denies Some of the Things People Have Said About Her.

The Gazette is requested to publish the following communication which explains itself:

"Mrs. Julia Brosen is mad almost mad enough to kill those that put this piece in the paper about her husband she says she would not believe the Nicholson on their oath and she owns up that Mr. Brosen being a good husband to her but she gets out of temper once and a while but about leaving him it is a lie if a family wants to Jets out of a tuff street whear she lives for 2 years And have trouble since she lived there so she tore up to search a descent neighborhood to move in. She says if the Nicholson don't keep their mouths shut after this She will draw all the trouble she want. Mrs. Nicholson come to her house 2 months ago And her husband ordered her out any they are mad at him and trying to put his wife into trouble but Mrs. Brosen knows wat they are after this And if they give any more talk out a bout her after this she and her husband will make it hot for them all they better put the married men down that were there after this And also it is Mrs. Brosen wish to work She worke in order to keep from some of the Neighbors coming in Snuffing her up a bout her husband.

SOME POINTS OF A PERSONAL SORT

E. O. KIMBERLEY has returned from Louisville, bringing with him a very handsome badge cast from war cannon. One was a Confederate gun, the other a Union. The badge bears the emblem of the G. A. R. and is surmounted by a bar on which appears in relief the tobacco leaves and whiskey barrel of Kentucky and which supports a finely carved figure of a thoroughbred.

CARL BUCHHOLZ, son of Mr. and Mrs. Herman Buchholz, leaves for New York Saturday morning, intending to study carriage-drafting in a New York trade school during the winter. He will spend two or three days in Chicago before leaving for the east.

MISS LIZZIE MORRISSEY is the guest of her sister, Mrs. John M. Nelson, having just returned from Paris. Miss Morrissey was accompanied by Mme. Bonnier, a sister from Paquin's, Paris, who will enter Miss Morrissey's employ.

J. B. RICHARDSON, of Suisun, Salina County, California, is the guest of R. J. Richardson. This is Mr. Richardson's first visit to Janesville in ten years. He will return to California in about a month.

W. H. BLAIR went to Cambria this morning, he being one of the delegates to the meeting of the Madison Presbytery at that place.

W. F. WILLIAMS, the accommodating clerk of the municipal court, visited Haveron on business this morning.

Mrs. DR. E. D. ROBERTS and daughter returned yesterday from a two months' visit in Racine.

W. R. BROWN left for Chicago this morning via Milwaukee and the Lake Michigan steamer line.

MISS FANNIE JACKSON went to Rockford this noon to resume her studies in the Rockford College.

R. J. RICHARDSON and his guest, J. B. Richardson, of California, visited Darlington today.

MISS LETTY SHORTNEY went to Milwaukee this morning, on her way to Chicago.

F. H. JACKMAN and A. L. Kavealge have returned from their trip around the lake.

HARRY BROWN, of Brown Bros. & Lincoln, is in Chicago for a few days.

F. H. CLEMENT went to Milwaukee this morning to take in the state fair.

Mr. and Mrs. A. McDougal are visiting their son in Galesburg.

S. PIERCE, of Lake Koshkonong was in Janesville today.

MAJOR J. H. CULLEN visited Beloit today.

THE CHICAGO MARKETS BY WIRE

Prices of Grain and Provisions On the Board of Trade Today.

The following table shows the range of prices of grain and provisions on the Chicago market today, the figures being furnished The Gazette by James H. McDonald & Company, commission merchants, in the William block, on the Corn exchange.

Chairs.
Those dining room chairs are a bargain at Hayner & Grubb's.

New Demand Higher Pay.
Moline, Ill., Sept. 17.—The striking grinders at Deere & Co.'s plow works are still out, although their demand for the old method of dressing the stones has been conceded by the company. The strikers demand additional pay, which has been refused, the company claiming to pay higher wages than their competitors in other places. It was decided yesterday at a meeting of strikers to ask the intervention of the state board of arbitration.

BIG PIGEON FLIGHT STOPPED BY RAIN

BIRDS SENT FROM HERE SLOW
IN ARRIVING.

Sixty Started For Green Bay Sunday Morning, the Distance From Janesville Being 140 Miles—Storms Interfered So Much That the Race Was Declared Off.

Despite the good start Agent C. P. McLean gave them, those Green Bay pigeons didn't do very well. It took them twelve hours to fly 140 miles.

Four hours is about the usual time. The birds belonged to the Fox River Homing club and thirtythree were sent here. Twenty seven were sent to other points. The Janesville birds were set free by Agent McLean at 8 o'clock Sunday morning. Today J. M. Frasseur wrote him saying:

"The birds did not make good time. We met Sunday morning and after waiting some time the race was declared off. The day was very dark and rainy."

About 2:13 I went out and saw five birds on the roof, went in coop and found eight more. Did not know what time they came in. Before evening I had twenty-four in. Now I have twenty-seven out of thirty-three sent from Janesville. In all there are forty-five that have found their way home out of the sixty sent. The birds were wet when they got here, and it was very dark when they arrived."

The birds evidently struck a rain storm north of here as it was sunny in Janesville when they left. The flight was the largest yet made by the Fox River club's young birds and was watched with great interest.

Our Window Tells You Something.

Look into our window while passing the bridge and you will there see exhibited a new line of neckwear just received consisting of Tecks, four-in-hands, Windsor, Clubs, bows and ties. Some firms think they are giving you good value by charging you fifty cents apiece for them. They cost you until Saturday night twenty cents or three for fifty cents. If every tie we sell at this price now in our window are not bran new we will give \$50.00 to some charitable institution. At Rosenfeld's clothing store on the bridge.

Five Casks of Crockery.

Dainty dishes, tasteful table-services, charming chamber sets unpacked this morning. Can't make full announcement yet, but it will pay you to call. Lowell's Annex.

Victor.

Spiced herring in pails, much nicer than dry, at Dunn Bros'.

'ALL SOULS' The Peoples Church

"Doubt sinful?" One indeed I knew
In many a subtle question versed,
Who touched a jarring lyre at first
But ever strive to make it true.

Perplexed in faith but pure in deeds,
At last he beat his music out:
There lives more faith in honest doubt
Believe me, than in half the creeds."

COTTON STATES EXPOSITION.

(Continued From Page 3.)

will be admitted to this country free of duty, if unsold, and the exposition grounds and buildings will constitute

MRS. JOSEPH THOMPSON.
(President Board of Lady Managers.)

a bonded warehouse for such goods. In case exhibits or duplicates of exhibits of imported goods are sold, customs officers, with offices on the grounds, will be on hand to collect the duty and release the goods without delay.

The leading transportation lines are bonded from the principal ports to Atlanta, so that exhibits coming from abroad will come in bond to Atlanta, be installed, and remain in bond until they have been returned from whence they came. The Southern railway is bonded from Atlanta to New York and Brunswick; the Seaboard Air Line from Atlanta to Norfolk and Baltimore, and the Central and South Carolina railroads in connection are bonded from Atlanta to Charleston and Savannah. The Southern Pacific lines are bonded from San Francisco to Atlanta.

EXPOSITION SITE.

Easy of Access from All Parts of Progressive Atlanta.

Piedmont Park, located two miles from the Union depot (the center of the city), has been adopted as the site for the exposition. More than \$300,000 has already been expended in heightening the varied and interesting landscape, and \$150,000 more will be expended by the management of the exposition in further projected improvements, which will make the already beautiful grounds an artistic triumph of landscape architecture. Great inland lakes twenty acres in area have been constructed, and with few exceptions all the buildings will have water frontage. On these lakes electric launches and gondolas will play, affording an agreeable mode of transit from one part of the extensive grounds to another.

ACCOMMODATIONS.

The Company Will Furnish Addresses of Hotels and Boarding Places.

Atlanta is a city of one hundred and ten thousand people, and the calculation is that on great days she will have to take care of that many more. The committee in charge of public comfort, after careful consideration, has decided to adopt the system which was operated with such success at Philadelphia during the centennial. The control of this business will be held by the Exposition company, and not let as a concession, as at Chicago, where a charge was made for parties listing rooms. At Atlanta absolutely no charge will be made either to hotels, boarding-houses, residents or visitors for this service. An elaborate canvass is being made of the city and the suburbs, and every available room will be registered. The same work will be carried through the outlying towns for a distance of thirty or forty miles, and commutation tickets will be put on by all of the roads, so that visitors seeing the fair during the day will be able to get out in the evening and return early the next morning. This will materially expand Atlanta's surface for accommodating visitors. All this information will be tabulated and sent broadcast over the country, and visitors from a distance will be encouraged to engage quarters in advance. In this way much of the work of public comfort will be done before the exposition opens. During the exposition the public comfort headquarters will be opened at some central point in the city, and active and experienced men will be placed in charge. A corps of messengers will be constantly in waiting, and every house on the list will be visited twice a day and every vacant room will be reported. The managers of the bureau will be able to tell at any time exactly how many rooms are open, and in what locality. In short, the public comfort bureau will run the city very much as a hotel is run, only bicycle messengers will take the place of bellboys.

A FERTILE SECTION.

The Piedmont Region and the Great Cotton States.

Atlanta is the center of the unsurpassed agricultural and mineral quadrilateral forming the southeastern section of the Union. Within a radius of 100 miles of Atlanta there is a greater variety, and in some instances a greater abundance of minerals, than can be found so near any other city in this country, if not in the world, and the whole territory contiguous to Atlanta is richer in variety and extent of min-

erals, woods and agricultural products than any on the continent.

The region from which the Cotton States exposition takes its name is one of the most fertile and productive in the world. Its farm products equal in value the entire exports of the United States, and its manufactures, now in their infancy, are sufficient to pay for all the imports into the country. This great region, stretching from the Atlantic to the Mississippi, and from the Potomac to the Rio Grande, has more seacoast than any country in Europe, and several times more than any other geographical division of the United States. While thus it is broadly in touch with the world by water, its inland transportation is excellent and extensive. The Mississippi river, which, with its tributaries, affords 45,000 miles of navigation, equal to one-fourth of the railway mileage of the United States, finds its greatest usefulness and heaviest traffic in the cotton region.

The Ohio, the Tennessee, the Ocmulgee, the Cumberland and the Coosa, the Arkansas, the Alabama, the Chattahoochee and the Savannah, and a number of minor streams, play a large part in the traffic of the southern states; coupled with this is a railway service far beyond the limits of population in efficiency, offering fares and freights lower, in proportion to the volume of traffic, than in any other country.

CAPABLY MANAGED.

The Director General Has Almost Unlimited Authority.

There is a small board of directors, who meet daily, and the authority of Mr. Collier, the director general, is almost unlimited. The committee on finance control expenditures and audit their own bills. Mr. Collier is a bank president and a young man of great force and executive ability, and is assisted by the leading business men of Atlanta. Authority is more centralized than it was in the Chicago organization, and there is not nearly as much circumlocution or red tape. Each branch is under the control of an individual, who has final power.

SCROFULA

Miss Della Stevens, of Boston, Mass., writes: "I have always suffered from hereditary Scrofula, for which I tried various remedies, and many reliable physicians, but none relieved me. After taking 6 bottles of SSS I am now well. I am very grateful to you, as I feel that it saved me from a life of untold agony, and shall take pleasure in speaking only words of praise for the wonderful medicine, and in recommending it to all."

THE TENDERFOOT'S FRIEND

Our . Slanderers . Are . At . It . Again !

If those so called competitors, had any reasonable excuse to offer, or any plausible explanation to make, as to why they style themselves **merchant tailors**, it might be different. But they know just enough about tailoring to disgust customers with their so called tailoring, and drive him to buying ready-made clothing, and thereby spoil the chances of a first-class tailor, when he does appear. They conglomerate under one roof a monopoly of all kinds of wares; from a **ten-year-old back in date** stock of cheap clothing (replenished with the fruits of their experiences) some horrible misfits—to a **cotton umbrella**, then style themselves "**Fine Tailors**" and slander their betters. When all their long drawn and brain racking epithets have been applied, they now cry "**cheap tailors**."

Now Friends:

Some of my advertising has been a little extravagant, but the **truth** every word the **truth**. We have made an **extraordinary success here**, and not only the people know it, but it has played horrible havoc with our so called competitors. There is one place in Janesville, which bears evidences of being a merchant tailoring establishments. Its style, "its stock", its general "make-up"—the style and taste displayed indicates that it is owned and managed, both by tailors and business men. **We are tailors, that is all, Successful tailors**, and our ambition does not descend to the level of a **bone collar button**. Our order book to day registers three hundred suits and overcoats and ninety-nine pairs of pants since our opening, March 1, 1895, and our success **artistically** can be judged by the fact that of the entire three hundred suits we have made by careful computation, but three **actual misfits** and I defy any tailor in this city, Chicago, or anywhere else to **make a better showing**. Our cutter is not **perfect**, the perfect cutter has not yet been born; the **infallible tailor** is yet to come. These facts are not drawn from our own conceit nor from vivid imagination, but from opinions of our customers and if I were to print a list of Janesville's representative people who are our customers you would wonder who was left to patronize others. I have made clothes for and satisfied men who have been sending to New York and Chicago for their clothes because they could no get satisfaction **here**. We are tailors to the poor man as well as the rich. You would be surprised to know that **some of the clothes** our prominent business men have worn from **March** until now are our great \$15 suits. They are not ashamed to have you know it and the wear and general appearance of those suits today is such that I am not ashamed to **acknowledge their parentage**.

The Fact Is Just This:

The goods I put in those \$15 Suits **are the same** as our slanderers put in their \$20 and \$22 suits. The difference is we buy for **three stores** and in **larger quantities**; and therefore buy from 15 to 25 per cent cheaper than our **smart neighbors**. Another thing our cutter has proven himself capable of cutting well fitting garments **without try-on** which also enables us to **reduce the price a trifle**. The man who cannot afford to order a \$25 or \$30 suit can come to us and get a suit made to order out of all wool, good wearing material for \$15 or the man of means can come and order his \$35 or \$40 suit and get what others in Janesville have failed to give him—"satisfaction".

We Challenge Any Merchant Tailor

goods. **There is no equal** to our line of

FRENCH, ENGLISH OR DOMESTIC WORSTEDS, CREPES, TRICOTS, BROADCLOTHS, DOE-SKINS, ETC., FINE FANCY WORSTEDS, CASSIMERES AND CHEVIOTS, FRIEZE-BEAVERS, MELTONS, KERSEY-MONTAGNACS, OVERCOATINGS,

You meet here salesmen who can talk intelligently to you; who have taste and knowledge to assist you in your selections; a cutter, who, in the very act of taking your measure gives assurance that he is master of his art.

We are selling two suits to our "slanderers" one.

We make ten fits to his one.

We will be here ten years after he has sunk into oblivion.

M. T. MIDLETON, Manager,

W. P. BOLLES, Tailor.

P. S.--We do not feel that we owe to the public any apology for this rather remarkable ad. as we have been slandered by concerns in this town, in all manners conceivable--to their depraved minds--even to Blackmail.

ZIEGLER, THE PICKWICK CLOTHIER,

MAKE A FEATURE OF THE CELEBRATED

PICKWICK : CLOTHING !

The illustration below shows the exact shapes of odd built men who can be fitted perfectly with our new system of ready to wear Fall suits, trousers and overcoats. **The Question:** Are you hard to fit. If so, investigate.

Stout Men,

Tall and Stout Men,

Short and Stout Men,

Extra Long and Stout,

Extra Size Men.

Slender Men,

Very Tall and Slim Men

The tall over-grown youth.

In fact any style of man can be fitted.

With Our Perfect Fitting Pickwick Clothing.

Our suits are free from the faults commonly found in ready made goods. They hang gracefully, set perfectly and are tailored on scientific principles, that insure the best fit, shape and wear. Try us for your fall outfit. We don't want your money unless we have your good will along with it.

Children's Fast Black Stockings are 19c, instead of 16c as stated in the Gazette, of Sept. 14th. Call for our Black Leather Stockings for Children.

T. J. ZEIGLER.
